to cost Rs 9405/- according to the estimate, scrutinized by the Chief Engineer for roads & Buildings. But this is a full order to be placed with the first We M/C should show a spirit of self-reliance by curing funds to meet at least a portion of the expenditure This should be met by increasing its resources or by taking it loan to pay for further first were generous enough to meet the entire cost of the first stage of the scheme. It is therefore for orders if as is done in other cases, the M/C should be asked to meet a portion of the expenditure going to about Rs 4703/ for which out the ways & means of meeting it In view of the demands from other villages it will not be possible to meet the entire cost of the work & the time of Rs 9405/ for orders

1) This relates to the execution of the II stage drainage work at Nagamangal at an estimated cost of Rs 9405/-

2) On the previous recommendation of the D C, Ramnagar Ot to pay the entire cost as an outright govt grant, the D C was requested to advise the Mal el to meet at least a moiety of the expenditure by increasing its resources or by taking a loan to pay its quota in this respect

3) It is seen from the report now received that the Mal el, in view of the present financial position of the mlg have agreed only to pay only an sum of Rs 1000 by taking a loan from the govt and it is requested

requested that the balance, viz Rs 8405/- may be given as grant. The loan of Rs 1000/- is proposed to be paid in 10 annual instalments. The D C also recommends that the request of the mal el may be complied with in view of the very unsatisfactory financial position of the taluk. It is also reported that it is not possible to increase the resources of the taluk in view of the present conditions, as advised by the govt, to meet atleast half the cost of the scheme.

17) In this connection, it is ~~already stated~~ submitted that govt have already met the entire cost of the I Stage of the scheme viz Rs 1970/- the financial position for the current year is also very bad, as seen from the figures referred to in the margin
